WHAT OUR CLIENTS SAY:

Always willing to listen and assist. Sensible, and more importantly workable advice. Dom and his team make a real valued contribution to our business.

Peter Gossington
Bold & Reeves, Mayfair

EFFICIENT.

DP Maree produces very thorough and comprehensive reports regarding health and safety. Their report is the only one you need, rather than having separate reports for different categories. They also supply their reports digitally, which is very useful and in being able to pass on to solicitors acting for potential purchasers. I am left in no doubt what items require attention.

RELIABLE.

DP Maree is an extremely professional and knowledgeable consultancy with respect to construction and management of residential and commercial buildings. We have instructed DP Maree on risk assessments and asbestos re-inspections for small commercial properties through to large blocks of flats. Their advice is accurate and up to date with all the current changes and developments within the health & safety industry. We would recommend DP Maree.

ACCURATE.

We instructed DP Maree to carry out a Health and Safety Report on a Commercial Estate comprising of 20 units. Communication with Dom was highly efficient, appointment made and carried out on time and the report was completed swiftly. I was extremely pleased with the level of service, cost and response time.

Downsview Development

We have employed DP Maree Limited to undertake Fire Safety and Health & Safety Risk Assessments on many of the residential and commercial properties under our management. In addition, we are about to employ them to help with Asbestos Surveys and any subsequent asbestos management inspections which might be required. They provide a highly professional, friendly and efficient service. They are very easy to work with and we would have no hesitation in recommending their services to other managing agents, as indeed we have done previously.
